CUSTOMER TESTIMONIALS

"I hit a pothole in a parking lot, and it blew two of my tires. I called in, the tow truck came and got it and took it to the Service Department at [my dealership]. They had to order the tire and rim, and it took a week, but I only had to pay \$24. If I hadn't had the [coverage], it would've been \$400 or \$500. That's good right there!"
- Bernard Hines, Arkansas

"Excellent! Great! Super! Fantastic! Whatever extreme word you need to describe wonderful! I had a great experience! Even as far as the reimbursement went... It was like \$152 for the tire, and I received the reimbursement within 72 hours of making the payment, which was even better! I was actually surprised! I still have the coverage for another 36 months or so, and I'm excited!"
- Justin Williams, Georgia

"I ran over a stick and it stuck through the sidewall. It was a slow leak, so I was able to get back to the dealer where I purchased the [program]. The truck only had about 300 miles on it. They were able to take care of everything. The [coverage] was very effective. My experience was a 10! There was no problem!"
- William McCallie, Arkansas
